

Remains Storage Unit (RSU) Portable Morgue

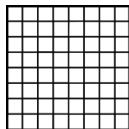

The RSU Series Provides Safe and Respectful Temporary Storage of Human Remains.

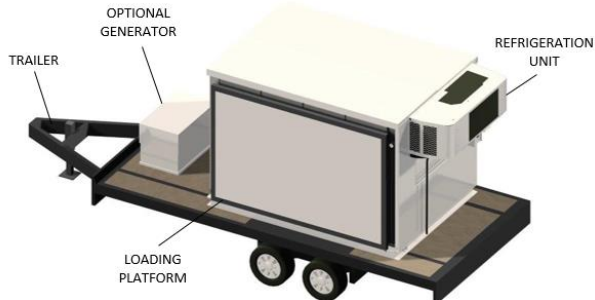

- Based on design of Mobile Integrated Remains Collection System (MIRCS) produced by Guild Associates for the US Army
- Available in 3 sizes to accommodate 8, 12, 16 or 20 human remains
- Remains stored on removable sliding trays that enable transfer out of the refrigerated area onto a gurney.
- Optional vestibule screen available to shield transfer operations out of public view.
- Insulated Refrigeration Area constructed of stainless steel for ease of cleaning.
- Refrigeration Area Floor sloped with drain to capture biohazardous waste.
- Equipped with a Carrier Transicold S-Series Electric Standby Refrigeration Unit (Refer to Table 1 and Separate Brochures for Specifications).
- Optional Diesel Engine RU with Fuel Tank available for remote operation available.
- Trailer Option Available

Table 1: Storage Capacity and Refrigeration Unit Sizes

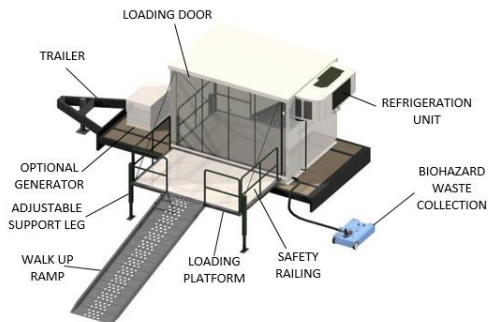

MODEL	STORAGE CAPACITY	RU SIZE	DIMENSIONS (IN/M)	WEIGHT (LBS/KGS)
RSU-8	8	S-6 / S-7	102/2.6 L x 96/2.5 W x 96/2.5 H	3,400 / 1,542
RSU-12	12	S-7 / S-8	128/3.3 L x 96/2.5 W x 96/2.5 H	4,200 / 1,905
RSU-16	16	S-8 / S-9	154/3.9 L x 96/2.5 W x 96/2.5 H	5,400 / 2,449
RSU-20	20	S-9	180/4.6 L x 96/2.5 W x 96/2.5 H	6,200 / 2,812
